## RAL-COLORS

In addition to our standard colors, we can produce our speakers in any custom color. Thanks to the individual color design, the speaker can be integrated even better into the existing interior design or used as a visual highlight.

- available for the IC and IC-WP Speaker Series
- choose from the range of the **RAL K7 Classic Color Pallett**
- high-quality custom-made products by local and highly qualified partner companies

Extra Charge upon request.
